

Merry Christmas

It is that time of year again, when we anxiously look forward to a well-deserved break from the hustle and bustle of the season. We soon will be celebrating the holidays with our families and loved ones, putting our Custodial duties behind us for a few days.

We as the USCMA Presidency would like to take this opportunity to thank you, our valued member, for the outstanding work you perform. Your dedication to duty and self-sacrifice many times goes unnoticed by others. Your school buildings still maintain a high level of cleanliness and personalized service even under less than perfect circumstances. It is only because of the hard work and dedication of members like you that we are able to have success as an organization.

We sincerely hope that you have a good, restful holiday season. Thanks for all that you do!
